Welcome to FIREFLY
Childcare at Cameron Bay

Cameron Bay Day Nursery

Through our front door is our screening area. There is a doorbell that you'll need to ring. This is where parents will fill out our daily screening checklist for both themselves and their child. We will then take each person's temperature. This will need to be recorded everyday. We ask for parents to wait patiently outside if you see another family in this area as it will need to be sanitized in between each person.
