

Media Release

FIREFLY – 15 March 2020 – FIREFLY Cameron Bay Childcare Centre

The health and well-being of children, youth, families and our communities as a whole are of primary concern to FIREFLY. With this important value in mind and considering the current pandemic of COVID-19, we have come to the very difficult decision to close our Cameron Bay Childcare Centre effective Monday, March 16th for a minimum of 3 weeks. We will be monitoring this situation and will keep families up-to-date as we all work through this ever-changing situation.

If you have general questions, questions about closures, or questions regarding FIREFLY EarlyON or Childcare, please contact us at 1-800-465-7203.

Our intake line remains open. For referrals or to connect with a service, please contact our FIREFLY Centralize Intake line at 1-833-696-5437.

If you are experiencing a crisis or emergency, please call Kenora-Rainy River District Crisis Response at 1-866-888-8988 or attend your local emergency department.

FIREFLY will be updating our social media platforms as new information becomes available.
