## **FIREFLY Seeking Summer Students through Northern Ontario School of Medicine Summer Studentship Program**

**For immediate release: WE HAVE EXCITING NEWS!!!** And we want you to help us spread it!

FIREFLY has been approved to host student job placements for the Northern Ontario School of Medicine Summer Studentship program *again* this year!

The Northern Ontario School of Medicine (NOSM) Summer Studentship Program was established by the Ministry of Health and Long Term Care to allow a limited number of regulated health-care students an opportunity to gain relevant work experience in their field of study.

FIREFLY has been approved to host students in our FIREFLY offices across the region who are currently enrolled in a “Regulated Health Profession” specifically, Dietician, Kinesiologist, Medical Student, Midwife, Nurse, Practical Nurse, Pharmacist, Respiratory Therapist, Occupational Therapy, Physiotherapy, or Speech-Language Pathology. Applications to the program are open from February 1<sup>st</sup> to 15<sup>th</sup> and students must apply and indicate their interest in working with FIREFLY for the 8 week paid workplace opportunity.

“We are so excited to once again be a part of this amazing opportunity to participate in the Northern Ontario School of Medicine Summer Studentship Program and help students to gain valuable experience in their chosen field,” said Jackie Hummelbrunner, Director of Service Excellence and Partnerships. “FIREFLY is able to offer a really unique experience for students because we are a multi-service child and youth agency. What this means for students is experience with a broad spectrum of disciplines, clinical issues, and projects with unique exposure to rural-remote clinical context.”

Students can apply for the summer studentship positions by visiting the Northern Ontario School of Medicine (NOSM) website and applying. Link is available by [clicking here!](#)
