

# ENTRY TO SCHOOL PROGRAM

FIREFLY, FFTAHS, KACL, KCA, KRRCFS,  
SLFNHA, LOCAL SCHOOL BOARDS

## WHAT IS ENTRY TO SCHOOL?

The Entry to School Program is a free program for OAP clients that helps facilitate a smooth transition into school for children with Autism. The program is offered in partnership with those listed above, and will be implemented in two phases, as outlined below. Eligible clients will be sent a Letter of Invitation from the Ministry, and can contact FIREFLY to enroll.

## PHASE ONE - INTERVENTION

The first phase of the program runs for 6 months, and builds School Readiness Skills with daily programming provided by the Entry To School Team. This team consists of a BCBA, an ABA Therapist, OT and SLP services. School Readiness Skills include: Communication, Play Skills, Social Interactions, Functional Routines, Behaviour and Self-Management, and Pre-Academics.

## PHASE TWO - TRANSITION

The second phase is a transition into the school setting. During this time, transition supports and consultation will be provided to the family and school team by the ETS team, as needed for up to 6 months. Transition supports may include resource development, school visits, consultations and observations, attendance at meetings, planning and problem-solving, and capacity building supports for school staff, such as modelling or staff training.

## WHO IS ELIGIBLE
